

Painting Guide

For AZEK Shingle Siding with PaintPro® Technology

AZEK Exteriors products with PaintPro Technology lead the industry for paint coverage, adhesion and performance. With the advanced technology of PaintPro, you don't have to hold back on choosing your favorite color. The following information will help ensure you choose the right paint for your desired color to provide the best long-term paint performance for products with PaintPro Technology.

Choose Your Paint

If your desired color does not have a Light Reflective Value (LRV) of 55 or above, you must either choose a pre-set color from a paint designed for vinyl siding or have the color matched using a specialty paint with solar reflective pigments. Paints formulated for vinyl and paints with heat-reflective pigments are designed to limit heat build and ensure the long-term performance of your PaintPro products. Always make sure your paint is suitable for exterior application.

PAINT TYPE	100% Acrylic Latex Exterior Paint	Formulated for Vinyl, 100% Acrylic Latex Exterior Paint	Specialty Paint with Solar Reflective Pigments
COLOR RANGE	Lighter colors only LRV 55 & above, no custom colors (LRV=Light Reflective Value)	Pre-set colors from vinyl-safe palette, no custom colors	All colors including black & custom colors

WHERE TO BUY	Big box or independent paint stores	Most independent paint stores such as Sherwin-Williams	Order Online: www.aqua-diy.com/azek

What is Light Reflective Value (LRV)?

LRV is a measure of the total amount of light reflected by a painted surface. LRV for a paint can typically be found on a manufacturer's website or often can be found on in-store color cards. When using a 100% acrylic latex exterior paint, ensure the color has an LRV of 55 or above.

LRV Scale

BLACK

WHITE

Other Painting Requirements

- Must be painted within 180 days after installation
- No sanding or special prep needed
- No primer needed
- To maximize paint performance, ensure surface is clean and dry prior to painting

Additional Premium Finish Warranty:

For premium finish with an extra 15-year limited paint and labor warranty, use AquaSurTech D100 paint or TruStain products.
