The four-piece Tapered Column Wrap was developed to add craftsman aesthetic in an easy to install design. Eliminate the calculations and precise cutting that typically requires skilled labor to ensure proper angles for a tapered column to properly fit together. The design of this Tapered column with four pre-cut panels that utilize friction-fit miter lock joints, simply connect together for a seamless finish. Each Tapered Column comes with squaring corners and decorative skirt pieces that fit together to allow for additional detail that emphasizes the craftsman aesthetic. Covering a structural post has never been easier!

Traditional-Crisp, Bright-White Finish

The ultimate exterior match-maker, AZEK Trim comes ready to install in a smooth, brilliant white to complement and instantly elevate any surrounding. AZEK Classic Trim can be painted, but it is not required so installations can go faster when not painted.

AZEK®
Exteriors

This easy-to-install 3-plus-1 column wrap profile saves time and installation costs. Three connected panels and a fourth "locking" panel fit easily and securely around a structural support with press-fit seams and clean corners. Made from moisture resistant PVC, AZEK column wraps provides long-lasting protection from the elements keeping porches, pergolas and other covered structures beautiful for years to come.

3-Plus-1 Column Wrap

Nominal Sizes	Actual Inside Dimension	Outside Dimension
4 X 4 X 8'6"	3 ¾" X 3 ¾" X 8'6"	4 ¾" X 4 ¾" X 8'6"
4 X 4 X 10'	3 ¾" X 3 ¾" X 10'	4 ¾" X 4 ¾" X 10'
6 X 6 X 8'6"	5 ¾" X 5 ¾" X 8'6"	6 ¾" X 6 ¾" X 8'6"
6 X 6 X 10'	5 ¾" X 5 ¾" X 10'	6 ¾" X 6 ¾" X 10'
8 X 8 X 10'	7 ¾" X 7 ¾" X 8'6"	8 ¾" X 8 ¾" X 8'6"
8 X 8 X 10'	7 ¾" X 7 ¾" X 10'	8 ¾" X 8 ¾" X 10'

All wraps are made from ½" thick AZEK PVC trim; add 1"
to inside dimensions to calculate outside dimensions.

Go Beyond the Simple Column

Embellish 3-plus-1 Column Wraps with Moulding Kits and Accent Wraps. Accessory kits can be purchased to enhance the column and give you the decorative look you desire.

Moulding Kits For 4" & 6" 3-plus-1 Column Wraps

Bed Kit	Crown Kit	Base Kit
XL Bed Kit	XL Crown Kit	

- All Moulding Kits are pre-cut to length, mitered and sold in bags with Hoffman Dovetail Connectors for easy assembly and designed to fit snugly around the outside dimension of specific size wraps

- XL Bed Moulding and XL Crown Moulding Kits are cut longer to fit around outside dimension of Accent Wraps.

- All Crown Moulding Kits are made with 4″ Crown Mould profile (3 5/8″ actual).

Accent Wraps for 3-Plus-1 Column Wraps

Nominal Sizes	Actual Inside Dimension
4 X 4 X 10"	5 ¾" X 5 ¾" X 10"
6 X 6 X 10"	7 ¾" X 7 ¾" X 10"

- Made from actual ½″ thick AZEK Trim; Add 1″ to actual inside dimensions to calculate outside dimensions.

AZEK Cellular PVC Cement

Clear, contact-style adhesive bonds with PVC in a fast working time. Ideal for securing joints. Creates a powerful and reliable material bond with no sanding or scraping required.

- 24-hour curing time
- Clamp 24-48 hours for best results
- Water soluble for easy cleanup when surfaces still wet
- Convenient applicator built into lid
- Use AZEK Adhesive to connect trim when a tight compression is required, such as connecting trim end-to-end (scarf joints) and at corners (miter joints)

New! AZEK PVC Cement now avialable in squeeze bottle.

Benefits & Features of AZEK Column Wraps:

- Stands up to harsh weather
- Resists stains, scratches, and fading
- Efficient installation
- Resists mold, mildew, and moisture damage
- No cupping, rotting, or splitting
- UV protection inside and out
- Does not require paint for protection
- Available in White in Traditional finish

AZEK Exteriors Advantages

Resistant to Moisture

AZEK Trim has a higher resistance to moisture absorption than wood, engineered wood, and wood composite products, which eliminates swelling, distortion, and warping.

Resistant to Mold

AZEK Trim is more mold-resistant than most other trim substrates after prolonged water contact.

Weathers Better

AZEK Trim resists the damaging effects of UV exposure better than many other trim substrates, maintaining its brilliant white color without cracking, splitting, or fading.

Lightweight and Flexible

AZEK PVC Trim is significantly lighter and more flexible than many alternative (non-PVC) substrates, making it easier to carry, handle, and install.

Fewer Installation Restrictions

Trim products can be installed in/around water, and can have grade contact, so there are fewer clearance and other requirements.

Efficient Fastening

Finish AZEK Trim without pre-drilling; fasten the boards close to the edge without risk of splitting or mushrooming –saving time on the jobsite.
