

AZEK® designed PaintPro® Trim to be long-lasting with little maintenance, just like our traditional trim.

4/4 TRIMBOARD		
NOMINAL	ACTUAL	LENGTHS
4/4 x 4	3/4" x 3 1/2" x 16'	16'
4/4 x 6	3/4" x 5 1/2" x 16'	16'
4/4 x 8	3/4" x 7 1/4" x 16'	16'
4/4 x 10	3/4" x 9 1/4" x 16'	16'
4/4 x 12	3/4" x 11 1/4" x 16'	16'
5/4 TRIMBOARD		
NOMINAL	ACTUAL	LENGTHS
5/4 x 4	1" x 3 1/2" x 16'	16'
5/4 x 6	1" x 5 1/2" x 16'	16'
5/4 x 8	1" x 7 1/4" x 16'	16'
5/4 x 10	1" x 9 1/4" x 16'	16'
5/4 x 12	1" x 11 1/4" x 16'	16'

**Installation:**

- Attach with 8D ring shank siding nails or use our PaintPro Cortex® fasteners for a smooth, fastener-free surface
- Must be painted within 180 days of outdoor UV exposure
- For lighter colors with a Light Reflective Value (LRV) 55 or greater: paint must be 100% acrylic latex
- For darker colors with an LRV less than 55: paint must be vinyl-safe from a vinyl-safe color palette
- To maximize paint performance, PaintPro should be kept covered and away from sunlight before installation at a job site.
- For custom colors, use a coating with solar reflective pigments

Follow AZEK Trim and Moulding written installation instructions: [www.AZEKexteriors.com/docs/installation/AZEK\\_TM\\_Install\\_Guide.pdf](http://www.AZEKexteriors.com/docs/installation/AZEK_TM_Install_Guide.pdf)

PaintPro®

PVC Trim  
Engineered  
for Paint

**Durable, Low-Maintenance Trim  
Now Paintable in All Colors**

**INTRODUCING**

**PaintPro® Trim**

A BROADER SPECTRUM FOR PREMIUM PVC TRIM

PaintPro Trim is a revolutionary development in cellular PVC trim from AZEK® Building Products. PaintPro has the same high-performance and low-maintenance benefits of traditional AZEK trim, but can be painted any color. No primer needed. Just one coat of paint provides solid, clean coverage, even in dark colors. PaintPro can be handled 30 minutes after painting, so you can paint before or after installation. Like traditional AZEK trim, PaintPro is virtually impervious to moisture and adds the benefit of a superior paint bond that enhances long-term performance. PaintPro won't rot, crack, warp or chip and is backed by the AZEK Lifetime Limited Warranty. For premium finish with an extra 15-year limited paint and labor warranty, use AquaSurTech D100 paint or TruStain products. See [www.aqua-diy.com/azek](http://www.aqua-diy.com/azek)

## Color & Style

PaintPro® combines advanced engineering and paint technology for the ultimate in design flexibility. Curve and mold PaintPro easily through heat forming and paint in any light or dark color to satisfy even the most discerning homeowner. Comes in two-sided, reversible finish: smooth Traditional and woodgrain Frontier. PaintPro elegantly complements the entire exterior with limitless, long-lasting color options and superior performance unmatched by competitors.

## PaintPro® Outshines the Competition

Unlike competitive materials, PaintPro is the right PVC for applying and protecting paint, even in dark colors. It offers greater workability and design flexibility than fiber cement, more reliable performance than painted wood or engineered wood products and is backed by an industry-leading warranty from the trusted name in trim.

### Great for Contractors

- **No prep needed for paint, just wipe clean**
- **Attract the design-inspired homeowner with custom color offering**
- **Lightweight, easy to transport, bend and install**
- **Drying rate is significantly faster than non-PVC field applications**
- **Collated PaintPro Cortex® fastening system with pre-paintable plugs adds efficiency**

Traditional Finish

Frontier Finish

### Great for Homeowners

- **Full freedom of color choice to complement any siding shade**
- **Superior paint adhesion delivers long-lasting color**
- **Less risk of paint chipping for less maintenance over time**
- **Elegance of colored trim adds the finishing touch**
